Even the white-robed Blanc Moussi from Belgium falls with its long Pinocchio nose at every move. They distribute en masse confetti, which is likely to be due to his

"devotion" by many viewers on Sunday night carried them home. From the Italian Alpine village Dosoledo come Matazin salmon and the Association d'Chei Santa Płonia. Two boys carry kilos, abundant hats decorated in honor of the martyr Saint Apollonia. Similarly, the Rhenish prince and princess dance the people around them. There is no shortage of neighbors France and Switzerland. First and foremost, a delegation from the French twin town of Sisteron and the CC-Bouc Bleu Schiltigheim. From Switzerland come Rölli group cheeks, the hole brandy spirits Welschenrohr, the carnival company Heid-Heid, the Schlössliruugger Willisau Guggemuusig brass and beetles. Guggemusik enough so when you move and later heard in the streets is to travel from the Lichtenstein-Wildmandli Guggamusik. That should be two exciting days in Herbolzheim. And is also very pleasing: D'carnival is then in a few weeks too.
